

Ultimate VA Checklist

A Comprehensive Operational Framework for Elite Administrative Support

Designed to streamline daily workflows, eliminate operational friction, and maintain peak business efficiency.

01 Email & Calendar Management

- ☐ Inbox zero management and custom labels architecture
- ☐ Comprehensive schedule coordination and seamless time-zone management
- ☐ Proactive meeting reminders, agendas, and precise RSVP tracking

02 Data Entry & Organization

- ☐ Continuous spreadsheet updates and rigorous CRM data hygiene
- ☐ Detailed expense tracking and systematic digital receipt logging
- ☐ Active inventory maintenance and targeted lead list compilation

03 Document Organization

- ☐ Cloud storage structure and architecture (Google Drive / Dropbox)
- ☐ Strict file naming convention standardization and enforcement
- ☐ Professional template creation for Standard Operating Procedures (SOPs)

04 Customer Communication

- ☐ First-tier email support, client triage, and inbound inquiry filtering
- ☐ Real-time live chat monitoring and optimized canned response setups
- ☐ Automated and personalized follow-up sequences for client onboarding

05 Website Updates

- ☐ Basic WordPress & Squarespace digital content publishing
- ☐ Routine broken link diagnostics and visual formatting fixes
- ☐ Editorial blog post scheduling and structural image optimization

06 Technical Support

- ☐ Software integration troubleshooting and workflow automation (Zapier, etc.)
- ☐ Secure user account setup provisioning and password resets
- ☐ System backup monitoring and routine digital environment maintenance
